If the qualifier has passed the trade exam in Alabama, Arizona, Arkansas, California, Florida, Georgia, Louisiana, Michigan, Mississippi, Nevada, North Carolina, South Carolina, Tennessee, Virginia, or West Virginia, request that the state include the examination information on the "Request For Verification of License" form attached to this application. Unlike many other states, Utah's license renewal schedule **is not** based on the licensee's date of initial licensure. Under Utah's renewal system, all licenses in each profession expire as a group on the same day every two years. Therefore, the length of a licensee's first renewal cycle depends on how far into the current renewal cycle initial licensure was obtained. Each renewal cycle thereafter is for a full two years. Additionally, the fee paid with this application for licensure is an application-processing fee only. It does not

<u>include a renewal fee</u>. Each licensee is responsible to renew licensure **PRIOR** to the expiration date shown on the current license. Renewal information is disseminated to each licensee at the licensee's last known address, as provided to the Division, approximately two months prior to the expiration date shown on the license.

- 7. **Payments:** Submit one check made payable to "DOPL" for all fees.
- 8. **Updating Address Information:** It is a licensee's responsibility to maintain a current address with the Division. If your address is incorrect, you will not receive renewal notices or other correspondence.
- 9. **Current Documents:** Applications, statutes, and rules may change from time to time. If you have not recently obtained any of these documents, you may want to contact the Division or visit our Internet site to verify that you have current versions.
